IP68 Waterproof TWS Connector Patch Cord for Optitap OPTI/FAST/SLM Slim Universal SC Connector

Product Description

STW cable assemblies provide the most cost-effective method of deploying optical fiber in outside plant distribution networks at speeds significantly faster than traditional field installations. The assemblies guarantee an easy, one-step connection system with the combined push-pull insertion and nut-style mechanical latch. STW cable assembly provides quick installation solutions and has good performance on mating with Optitap and Mini(SC/APC) adapter. Cable can be armored or non-armored. STW connector Applications include connection to Remote Radio Units (RRU/RRH), FTTH, FTTH equipment and other outdoor systems. The Unique design of the housing allows it to be provided on a factory terminated and tested cable assembly or retrofitted to existing outdoor cable assemblies.
